Town Estimates

The council of the Town of St. Albert met on Sept. 14, this being a continuation of the Sept. 11 meeting. Main item on the agenda were the capital estimates for 1967.

Those present were: Deputy Mayor, Councillors Bakker, Wheatley, Donalds, J. M. Fleming, secretary-treasurer; J. Maandag, town engineer; A. R. Gate, superintendent, Parks and Recreation Dept; and J. Mustaklem, recording secretary.

The Capital Estimates 1967 were considered item by item by the Council. After much discussion the following items were deleted altogether from the 1967 Capital Estimates: Hard surfacing of Town Hall Parking Lot, \$9,500. Graveling of Mission Park #1, \$540. Graveling of Salisbury Park, \$2,520.

Council agreed that the items following should be referred to the 1968 Capital Estimates: Erection and completion of Buildings for Community Use - Basement included, \$19,270. Concrete

Floor - Curling Rink \$18,000. Air Conditioning - Town Hall \$12,500.

Councillors Donalds and Gibbon were opposed to putting the air conditioning item in the 1968 Capital Estimates. Councillor Donalds stated that he wished to delete it altogether and Councillor Gibbon felt that it should be left in 1967 Estimates.

There was further discussion with regard to Hard Surfacing, Grading and Graveling but it was finally decided to accept this complete subheading. Councillor Wheatley stated that he wished to record his opposition to this complete item, with the exception of \$4,500 which will be used for making side walks on Ball Ave.

Councillor Gibbon stated that he wished to record his opposition to the amount set aside for the Ski Tow and Jump, \$3,500.

Council accepted the 1967 Capital Estimates, and revised as per the following items and amounts.

Purchase of Land	\$ 8,000.00
Construction of Municipal Bldgs.	\$152,000.00
Hard Surfacing, Grading & Graveling	\$ 81,690.00
Water Supply System	\$ 35,200.00
Sewer System	\$ 6,300.00
Road Machinery Etc.	\$ 24,975.00
Other	\$ 10,000.00
	\$318,165.00

The 1968 Preliminary Estimates will be prepared by the Staff to be brought before council at the first regular meeting in November.

The Water Supply System budget was introduced by the secretary-treasurer and after discussion an agreement was reached. Items that cannot be completed this year were deleted, i.e. \$2,000 for main maintenance and \$500. for hydrant maintenance.

A review of the status of the Water Supply System as far as revenue and ex-

penditures are concerned will be made at the last regular meeting in November.

ICE PLANT

Council were informed by Mr. Fleming that if it were possible he would like to have first reading of By-law 32/67 regarding the ice plant for the Arena at this time.

Councillor Bakker moved first reading of By-law 32/67 regarding the ice plant being a by-law to provide an ice plant for the arena.

Councillor Bakker stated that he would like to be ad-

vised at the next regular meeting of council as to the progress being made with regard to the hiring of a preventative social welfare director. He would like to know the progress being made on the Municipal Hospital. He also asked for a report from the secretary-treasurer on the Parks and Recreation Department.

Deputy Mayor Gibbon asked that a committee be set up to work with the staff regarding the Tour and Banquet which is being planned for the Premier and members of Cabinet.

Deputy Mayor Gibbon and Councillor Wheatley were appointed.

Deputy Mayor Gibbon also suggested the names of new residents of the Town of St. Albert could be made available to the local merchants and other businesses for a nominal fee. This list of names could be obtained from new water meter connections. Mr. Billings informed him that at one time this was discussed in council but since it was felt that it might be considered an invasion of privacy and in order to protect the individual the service had not been provided.

A report on the availability of names of new residents in the Town of St. Albert obtained from water meter connections be submitted for the next regular meeting of council.

One item of new business which concerned the matter of broken bottles at 6 Grosvenor Blvd., was discussed.

The town engineer stated that he had written a letter to the owner of this property regarding this situation. The owner had then telephoned the town engineer and had promised to take better care of his property in the future.

Honors

The St. Albert Public School District No. 3 has announced the winners of honor marks in Grade 9 and Grade 10 departmental Examinations written last June. Shirley Mae O'Neill and Elaine McRae are the Grade 9 winners and for Grade 12 it is Dianne Soetaert and Theodore Kalkin, all attended St. Albert High School last year.

An honor student has obtained an average of over 80 per cent in the government examinations.

The historical setting will be accentuated by the sermon of Father J. Bidault, OMI, who will trace the history of St. Albert. Father Bidault knew Father Lacombe and comes from the Grandin area in France and knew several relatives of Bishop Vital Grandin. The Ministerial Association, sponsors of this Inter-Faith Service hope that this community event will be well attended by the families of Alberta's oldest and most historical town.

Pee Wees Make Finals

In a fiercely fought, emotion packed thriller the St. Albert Hercules Pee Wee Soccer team came through with a win over Edmonton's Italia Club Sunday to go through to the finals of the Edmonton Metropolitan Soccer Championships. The games had the fans at a fever pitch of excitement from start to finish and the tension was tremendous in the final moments of overtime when each team was given three penalty shots to decide the winner, after the match was tied at the end of regular time.

The final dramatic moments were left to Keeper Gary Larsen and R/W Geof Holden who each had to face three penalty shots to determine the winner. These two boys fully aware of their do or die effort were visibly calm in this electrifying atmosphere. Holden scored with his first kick, a hard shot, which the goal keeper could not hold. The Italian kicker then took aim and shot the ball against the bar. Holden's next shot was too strong for the goal keeper whose expression bore testimony to the power of Holden's right foot! The final shot for the Italian Clubsaw St. Albert's goal keeper, Larsen whip the ball off the goal line to a tremendous ovation from the St. Albert Fans.

The local Pee Wee squad which captured the Northern League title in June, overcame two very strong teams to battle their way to the Finals. In the quarter Finals the Hercules squad won their two game series with Jasper Place by 7-4. Goals scorers for St. Albert were Peter Bosiak 4, Geof Holden 2, Barry Alliston 1.

The win advanced them to the semi-finals, a two game soccer against the much vaunted Italia Pee Wees. The first game was played Saturday at Coronation Park under very hot conditions. The Italia Club opened the scoring with two quick goals very early in the game. One

Bakker to Run

Councillor John Bakker has announced his intention to run to retain his seat on council in the Oct. 18 elections. He is running again as he feels he has not accomplished all the goals he has set out for himself. His first goal was to see that St. Albert got the second University and his second to renegotiate the power franchise with Calgary Power. This comes up next year. He also hopes as councillor, to assist in bringing the town's financial status to a better position.

It is Mr. Bakker's hope that many will enter the race on nomination day Sept. 27.

Candidates will be competing for three empty seats on council. One was left when Bob Parkes left St. Albert and Dick Wheatley's

Fire Department

The fire department is making plans leading up to Fire Prevention Week. They are already inspecting homes for fire hazards.

They have set themselves on aim, to go through a year without any fire damage to property. Only with complete co-operation of all St. Albert residents can this be attained.

LETTER FROM THE FIRE CHIEF

Dear Citizens,

Once again its time to start preparing for winter, which includes servicing all your heating appliances and a general fall clean up. Thus doing away with any potential fire hazard that may exist.

This year so far we only had a few building fires and with your co-operation we can work to the goal of not having any.

There were a rash of grass fires in the spring mostly started by children playing with matches. The responsibility lies with the parents to keep matches away from small children and teach the older children the dangers of lighting fires without proper supervision.

The fire department gives lectures to Boy Scouts, Cub Scouts, Girl Guides on fire prevention and first aid firefighting through the winter months. This year the fire department have started home inspections in the Braeside district. Make the boys welcome as they are only trying to help you detect any fire hazard that maybe overlooked. Eliminate the tragedy of fire which could destroy lives and property.

Any citizen that wants their home inspected or is in doubt on anything pertaining to fire prevention in a home should phone the fire hall at 599-7021. After hours you can get the fire chief at 599-3714 and in case of fire or emergency pertaining to life or property call - 599-7777.

Help us to help you to prevent fires and do away with needless life and fire losses that occur from time to time.

F. Tetarenko,
Fire Chief.

Fitness

Physical fitness is a common topic for discussion among young people, but what is it? We all think we know what it's like to be healthy - to be normal, free from disease and happy at work and play - but fitness implies rather more than this. It's only possible to define fitness in terms of what the individual is to be fitted for; the task to be done, whether it's running 100 metres or being able to follow a certain occupation, must be considered.

Fitness can be achieved by the pursuit of health and physical education; by these together, but not by either one alone. So often the object of physical education is misunderstood: it is not merely the training of the body but rather the education of the total person by physical means, the 'subtle and intangible business of delight in emotional release, of setting bodies and minds free'.

Physical education is a very old game. The ancient Greeks did it, the young Knights did it in the Middle Ages and modern education perpetuates the system. Beginning with the involuntary and uncoordinated waving of limbs in the cradle, it continues in various forms until near life's end. In Eastern Europe it is enjoyed and given importance as a regular routine before factory work begins in the morning.

Speed, strength, endurance, suppleness, all of which can be rapidly developed and rapidly lost, and skill, which is slow to develop and almost never lost, comprise fitness, which can be maintained by training and work.

In the pre-school period the basic skills of pushing and pulling, lifting and carrying, running and jumping, climbing, throwing and handling large and small objects are learnt. In the lower grades it is important for physical activity to remain a pleasurable experience without undue degrees of stress or pressure to participate.

But at puberty there are particular difficulties. Some children mature early and others late, so that between the ages of 11 and 15 there are wide variations in physique among children of similar age and enormous disparity in abilities. No stigma should be applied to those who put up poor performances; after all, only a tiny percentage can excel at any sport. If you are not one of these take heart and be encouraged to begin less competitive games such as skiing, swimming or dancing and you will gain enjoyment, a sense of achievement and a measure of health.

goal came from a free kick which was given in error by the Referee. Before the first half closed R/W Geof Holden scored from the Penalty spot to reduce the score. The second half opened up with the Italians continuing to exploit gaps in the St. Albert defence which finally conceded a third goal, leaving Keeper Gary Larsen no chance to save the shot from close quarters. Despite a two goal deficit the local squad fought back magnificently against the well drilled opponents and in the dying seconds L/H Jimmy Winters crashed in a drive from 25 yards out to register St. Albert's second goal.

St. Albert with a one goal deficit hanging over them Sunday played their hearts out from the opening whistle. It was a tremendous, tension packed game. Solid kicking by the Defence kept the Italian forwards at bay, and whenever they got through the safe hands and fine positional play of Keeper Gary Larsen kept the Hercules squad in the game. Despite playing against a strong wind St. Albert fought hard to keep the ball in the opposition half and as a result of determined pressure by the local squad the Italian defence conceded a penalty shot. R/W Geof Holden in spite of the tense situ-

ation coolly took aim and smashed in the equalizer shortly before the whistle blew for halftime. The same tempo continued throughout the second half with the fans shouting themselves hoarse for the gallant lads from St. Albert. Regular time was blown with the two teams very weary and the series at a tied score and the dramatic finish and the big win!

Coach Aliston and Manager Lloyd Hopkins are justifiably proud of each and every boy who has helped to bring the League Championship to St. Albert and their team to the Finals of the Metropolitan Championships, which will take place next Saturday and Sunday at Cornation Park.

Congratulations to the new leader of the Conservative Party of Canada! Robert Stanfield possesses all the essential qualities of leadership and it isn't very hard to see him as a Prime Minister of Canada. But more important, he represents a victory for the conventional conservative element in the party and his policies will undoubtedly give the people of Canada a clear choice at the next Federal Election.

We can imagine many sighs of relief now that John Diefenbaker has left the political scene but it is unfortunate indeed that Mr. Diefenbaker could not have departed gracefully. However, he was a fighter to the end and as one reporter said "Diefenbaker believes that titles are won and lost in the ring and someone is going to have to take away his title at this convention".

Prime Minister Pearson sounded almost overjoyed in his congratulatory message to Mr. Stanfield and will probably co-operate to the fullest in calling any necessary by-election to assure Mr. Stanfield the opportunity of winning a seat in the House of Commons. Election by acclamation would mean that Mr. Stanfield could take his seat in the House of Commons at a very early date but whether or not he is opposed is up to the constituency political organizations.

Certainly our House of Commons will be a lot quieter and probably a lot duller with the new leader. But it might get a lot more accomplished.

ate ice cream sales on town streets. Ice cream vendors will be advised that this will be enforced in the coming year.

The assistant secretary treasurer submitted a report on the request of the City of Edmonton for permission to obtain information relating to traffic origin and destination in connection with the town's 1968 census.

The request will be met, providing they pay the amount of \$750, to the Town of St. Albert and further that a full copy of the report be made available to this council.

Possibility of a by-law for an ice plant to be built at the same time as the arena was discussed. This might possibly be put to a vote in the coming fall election.

Mr. Montpetit wishes to build an attached garage to his carport, thereby reducing the side yard from 4' to 3' and the attachment from 5' to 3'. Mr. Abram, the Development Control Officer, pointed out that this is a newly developed area and he did not think a precedent should be set at this stage.

The appeal was allowed. Speed limit within the town is set at 30 m.p.h.

Council discussed the possibility of passing a special by-law to reduce the speed to 25 m.p.h. as they felt this was perhaps what the majority of the people desired.

Accounts payable for July were approved for payment: General - \$83,407.62; Capital - \$12,419.11; Welfare - \$2,156.46.

By-law 21/67 being a by-law to provide for the disposal of town land received third reading and passed.

By-law 30/67 being a by-law to change the name of a municipal road to Olivier Bellerose Drive was introduced. Third reading of by-law 30/67 be tabled until the second regular meeting of council in September.

The matter of the business tax mill rate was referred to the November meeting of the finance committee and then

will be placed on the agenda for the first regular meeting of council in December.

The land use classification map adopted in development control resolution #4, (schedule C) be amended as follows:

"that the area within the red outline be classified as institutional" (SP) and the area within the blue outline be classified as "school" (a)".

Three copies of this will

be forwarded to the provincial planning board for their approval.

The staff were reminded to arrange a meeting with the public works committee and the Kinsmen Club before the end of the year to discuss the rodeo grounds.

The parks and recreations superintendent submitted a report to council on the swimming pool, requesting that it be closed Sept. 17. This was accepted.

the Gazette REFLECTS

Thirteen small boys, age 9 to 12 years, showed an amazing determination and team spirit Sunday when they fought down to the wire to defeat a bigger, stronger Edmonton team of the Metropolitan League, and St. Albert stood tall in the eyes of the Edmonton soccer fans who witnessed their performance.

The boys turned in a remarkable display of soccer ability for a team in their first year of play, as they have done all season. They are nearly always facing bigger players and carry one nine-year-old who is actually only nine years old, and they do not have the numbers to draw a team from that the city clubs have, nor the experienced players.

Yet this team lost only one game out of eight in regular league play to win the Northern cup for the first place in their league, won the Metro league quarter-finals and semi-finals, and will now meet Victoria Club in the finals of the Metro.

But they have proved themselves in a more important way. Under conditions that would have tried much more seasoned performers they showed highly commendable sportsmanship in Sunday's game. In the face of taunts, jeers and an incredible amount of swearing and rough language, they kept their tempers and never resorted to the type of underhand mean play being used against them.

Mr. Dave Whitely, Director of the Metropolitan League was most impressed with the manner in which these youngsters conducted themselves. So impressed that he telephoned his congratulations after the game.

The boys are to be warmly congratulated on their calibre of soccer and their sportsmanship. But their manager and coach also deserve a lot of credit for instilling what sometimes seems to be an old fashioned or "square" concept of sportsmanship in these young lads. It will serve them well all of their lives.

There are sixteen pee-wee teams in the Metro soccer league and all, except St. Albert, are fully sponsored by their community leagues. The Hercules Club is providing coaches, the Parks and Recreation helped with field preparation and equipment, and two local business firms came forward with donations. The balance of the expense has been borne by the parents at a sacrifice they have made willingly. St. Albert is thus in the position of producing one of the top pee-wee soccer teams in Northern Alberta while offering the least support to the boys and their coaches.

How about that?

Mio Kiskisewin

Mio Kiskisewin - the Historical Pageant written by Keith Hamilton of St. Albert is sponsored jointly by the St. Albert Protestant Separate School District and the St. Albert Public School District as their official Centennial Project. The Schools in deciding to sponsor the Pageant felt their students, through participation, would learn something about the Theatre in addition to becoming better acquainted with the rich and colorful history of the St. Albert district. A large number of Separate and Public School students have joined the cast of Mio Kiskisewin, and under the direction of Phillip Silver are presently enrolled in a busy schedule of rehearsals.

The pageant retraces St. Albert's exciting and distinguished past. Starting with the Legendary Creation of Man the audience will relive such moments as the arrival of Father Lacombe and the establishing of the Mission at Saint Albert. The smallpox epidemic during which the Grey Nuns served with so much compassion and dedication, the Blackfoot attack on Fort Edmonton in 1870 and Louis Riel's arrival in the settlement in 1885 and his passionate plea for help. Re-enacted will be the massacres and bloody battle scenes in which the Saint Albert Mounted Riflemen played such a heroic part. Finally, the collapse of the Riel Rebellion, Riel's surrender and the imprisonment of Big Bear.

All this and much more will be seen when on Sept. 29 and 30 at 8 p.m. Twilight Productions brings to

St. Albert Mio Kiskisewin, a glimpse into the past. Plan now to attend and plan to make this a family affair, invite your friends and relatives to join you for Mio Kiskisewin. Length of the production is about 45 minutes, admission will not be charged. Location: the terraced hill site behind Father Jan School in Mission Park.

T.V. APPEARANCE

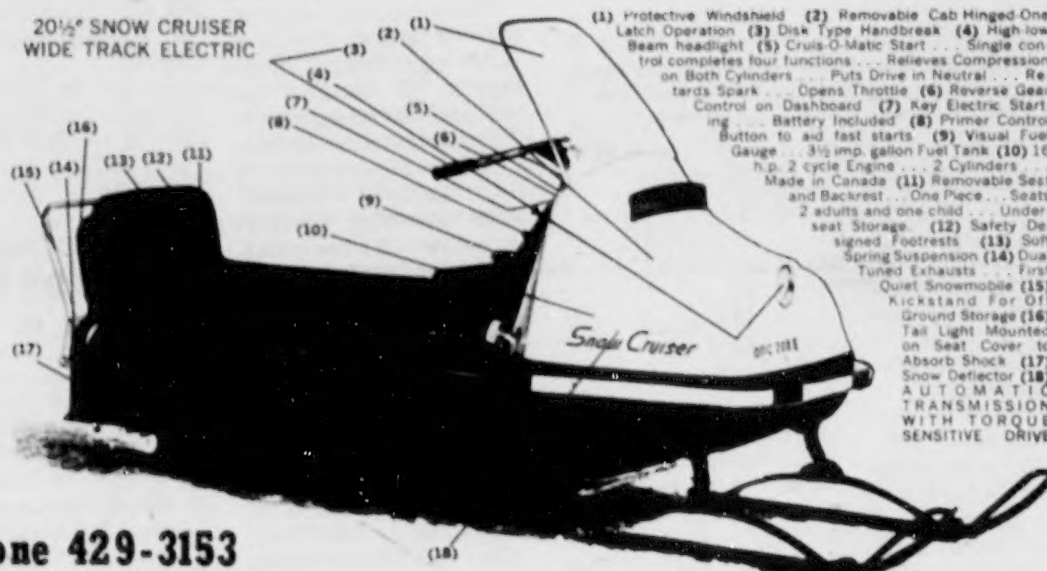

Keith Hamilton and Phillip Silver, writer and director of Mio Kiskisewin, will be guests on the "Virginia Program", Sept. 27 at 10 a.m. on C.F.R.N. TV. Keith and Phillip will discuss with Virginia the forthcoming St. Albert Historical Pageant. Remember to watch the program and get a sneak preview of some of the original costumes used in the pageant.

ATA and PR

A social evening was held at the Kingsway Motor Motel on Sept. 14 to thoroughly discuss Public Relations between the ATA and the news media and to introduce the new president of the Sturgeon Local, Marcel Schayes.

Mr. Schayes has a Bachelor of Education degree (1963) and a Bachelor of Science degree (1965) both from the University of Alberta, and is interested in post graduate work. He is Principal of the Georges Vanier School in Thibault School District No. 35.

As a result of the meeting it is hoped that a column may be run in the Gazette with questions asked by the rate-payers and directed to the Superintendent, the chairman of the School Board, the M.L.A., Keith Everett or a member of the teaching staff. These persons would answer questions in the following issues.

Present were: Keith Everett, M.L.A., A. E. Kunst, Superintendent of Schools, George Wilson, Chairman of the School Board, Marcel Schayes, President of the Local ATA, Desmond McDonald, Secretary, Jeet Khullar, P.R.O., Art Dewers, member of P.R. Committee, Mr. Powers of the Edmonton Journal and Mrs. Gene Hadley, managing editor of the Gazette.

Sunday Sports

Electors in the village of Legal will go to the polls on Oct. 18. They will be asked to vote on Sunday Sport. In this issue of the Gazette there is a by-law printed which all should read.

If the by-law is passed there will be no interference with church services and so on. All the by-law is asking is for permission for Sunday Sport between the hours of 1:30 and 6 p.m.

A majority vote is what is required to pass the by-law. The council asks that all get out and vote.

Tribute to Kleins

On Saturday evening, Sept. 16, some 223 friends gathered at the Morinville Centre to pay public tribute to Jack Klein and Mr. and Mrs. Hymie Klein with a testimonial banquet and social evening.

Pete Gibeault was the master of ceremonies. Rev. Father George Primeau gave the blessing and also paid his respect to the family in a short speech after dinner. John Wozny, president of the Morinville Board of Trade, Emile Riopel, president of the Morinville Sports Association, and Lion Frank Brennes, on behalf of the Morinville Lions Club the three sponsoring community organizations each thanked the members of the Klein families for the contributions to the promotion of good business ethics and community sports in Morinville during their nineteen years of business association in the town.

Mayor Henry Ramsay spoke of both Jack and Hymie Klein and thanked them for their many generous contributions to the community. Keith Everitt, MLA spoke of the leadership that Jack Klein, as president of the Board of Trade, had given to the promotion of Morinville in many fields and congratulated Hymie on his outstanding contribution to the promotion of good sports in the district.

Ex-Mayor Arthur Soetaert, who served Morinville for sixteen years, added his personal and public tribute to both Jack and Hymie Klein for their many untold and private contributions to parish and individuals in addition to their well known support of community projects. "We owe a great deal to Jack Klein for the lively opposition he has brought to the Council and Board of Trade meetings. He certainly kept me and members of the council on our toes. Such opposition is needed to provide a new avenue to promote new and needed ideas, and Mr. Klein is responsible for many such contributions. We also had our differences and hot debates, concerning the highway," recalled the ex-mayor in his usual crisp humorous way.

"Hymie is to be credited in bringing to Morinville a great deal of prestige both as a first promoter of the Morinville arena, and then

as hockey coach. In 1951-52 the Morinville Midgets sponsored by the Morinville Lions, and coached by Hymie, first won the Northern Alberta Championship and then went on to win the Alberta Midget B Championship. We must also be grateful to his good wife, Vi, concluded Mr. Soetaert, who must take her share of the credit for permitting Hymie to give so much of his free time to help out in Morinville."

Jack Klein in his reply, expressed his heartfelt gratitude for this public farewell party for himself and his son and daughter. "All good things must come to an end" said Mr. Klein Sr. "Hymie has family obligations now with his growing family and since Edmonton was our home, we felt that working closer to home would permit him to spend the necessary time with his own family." He also thanked everyone for the gifts presented to him.

In a few well chosen words Hymie expressed his thanks for the gifts received and for the large number of friends present at the farewell celebration. "My 17 years of working in sports in Morinville and all kinds of community projects has been most rewarding. I believe that the

two greatest gifts in life a man can have are a good wife and to be accepted by the people with whom he lives and works. I have been blessed with both, and the Morinville people have contributed their share in accepting me and my good wife among them. As we say "It has been a pleasure to do business with you, thank you one and all".

Mrs. Violet Klein, who was presented with a sheaf of long stemmed American Beauty roses by Mrs. Sue Brennes, also expressed her thanks to all.

Both Jack and Hymie Klein were presented with a set of matching luggage.

Hymie Klein, a member of the Lions Club, was also presented with a Citizenship Award plaque by Lion Frank Brennes. A letter of congratulations and public acknowledgement for his many years as Lion Secretary and Lion President, was read by chairman Pete Gibeault on behalf of the Past District Governor Lion Art Stapleton of District 37B Lions International.

A social evening followed with dancing and refreshments.

Frank Brennes, vice-president of the Morinville Lions Club, presents Hymie Klein with a Citizen's Award Plaque. Mr. Klein had been secretary-treasurer of the Lion's Club for 10 years. Past District Lion Governor, Lion Art Stapleton accompanied by his wife, motored to Spokane to attend a annual meeting representing the present Lion District Governor, who was unable to attend.

Well folks, the big show is coming to town on Sept. 30. It is time to get your Frontier Daze costumes out of moth balls and perhaps to join the crowds for a free celebration.

Congratulations to proud parents who welcomed new additions to their families recently. Last Sunday, Rev. Father George Primeau baptized Laurier Andre Joseph, son of Mr. and Mrs. Hermidas Houle. Chosen god parents were Mr. and Mrs. Andrew Cloutier of Lac la Biche, aunt and uncle of the new born, on Sept. 7.

Mr and Mrs Paul Labonte, welcomed their first born son, Cory Ernest, on Sept. 14. Mr. and Mrs Don Bouvier of Morinville are the chosen god parents.

On the hospital list at press time are Mrs. Albert Leblanc in Westlock, who underwent a serious operation last week. Miss Francis Morris, young daughter of

Mr. and Mrs. George Morris who underwent an eye operation in Edmonton this week, and Kenny Kleser, young son of Mr. and Mrs. Arthur Kleser. Roger Williams, who was severely injured in a two car collision accident some time ago, has now been transferred to the Glenrose Hospital for therapy treatment to his legs. Mrs. Marie St. Laurent is a patient in Edmonton hospital.

Mrs. T. Himschoot recently had the pleasure to welcome her sister, Rev. Sister Armadine Saligo, from Jasper, who visited many relatives in the district.

Mrs. Roxanne Voyer held a family reunion last week, when all members of her family met for the first time in many years. Her daughter Adrienne, Mrs. R. Derouin from Chase, B.C., and family arrived a few days before her son Giles Voyer of Trinidad, West Indies, arrived with his family along with mother and brother Jack to make the family complete.

Last week Mr. and Mrs. Giles Voyer, accompanied by their three children, Susanne, Adrian and Colette, Mr. and Mrs. Alex Reid from Edmonton, motored to Dawson Creek to visit the former Sandra Reid. While there, Mrs. Reid took ill, and had to stay in Dawson Creek hospital. Best of luck Kay, hope you come back south soon.

By the way, the Morinville Lions will hold a Thanksgiving Bingo soon, and big turkeys will go as prizes so collect your pennies and save enough to support their fine community projects. Would you like to see a real oompk on the move?? Well, folks there will be a big, and we mean big, real one walking in Morinville on Sept 30. His eyes are eight inches in diameter, no kidding and no admission charge for any attractions, displays or live entertainment. Just pay for your eats and refreshments.

Who will harvest the biggest potatoes in the district? The biggest cabbage? Mrs. Hector Boissonault reports that she harvested 325 lbs of good tomatoes from 32 plants. All these prize winning heavy weight vegetables will have to be produced for official weigh-in before the champion is selected.

Mr and Mrs Gerard Rousseau, hosted the visit of their son Laurier and family who recently moved to Meander River, north of High Level, where Mr. Rousseau is engaged in construction and oil equipment.

Mr. and Mrs Cyril Sproat (nee Fleurette Rousseau) who recently sold their home in St. Albert, left on Sept. 7 for a visit to Expo. From there they flew to England, where they will visit Mr. Sproat's parents then continue to Europe for a six month trip abroad.

Last week a large meeting of the district heads of Boy Scouts in the district was held in Morinville. A very important resolution was drafted to be presented at the provincial district meeting next Saturday in Red Deer. In an exclusive interview with Eric Robinson, who will present the resolution, it should spark immediate action for the good of the whole Boy Scouts movement. More details after Saturday's meeting.

Please Note: we appreciate receiving all the local and district news. We are always pleased to co-operate with all groups and organizations. The Morinville and District Calendar is for the use of all interested groups. But...we have a deadline to meet. The deadline for all news items and calendar postings is and will remain Friday noon of each week. Thank you folks.

Last weekend Rev. Father Armand Beaupre accompanied by Maurice Froment, Sister Fraser and Miss Louise Casavant, motored to St. Paul where they attended a seminar on Catholic Action for Youth.

Morinville is happy to welcome a new resident, Mrs. Alice Nadeau, a sister to Armand Chalfoux, who has taken residence in the former telephone office building.

The student union will hold their annual election of officers this week. On Friday last, the grade ten were victims of the usual initiation rites to senior high school.

According to the last grain agents report, over 75 per cent of the harvest will be completed for this district by this weekend.

He informed the members that road sides seeding last year seemed to have a satisfactory catch. His request was granted.

Arthritis Month

September is "Arthritis Month." Do what you can to help.

To more than 1,000,000 Canadians, pain and suffering due to arthritis and the other rheumatic diseases are a daily aspect of life. Too few people are aware of the heavy toll which these diseases take in both human misery and economic waste.

More than 285,000 Canadians are disabled by arthritis and rheumatism: 63,000 of these are totally or severely incapacitated. Last year, more than 9,000,000 work days were lost in Canada as a result of these diseases, at a cost of \$100,000,000 in wages alone.

It is now possible to control some forms of arthritis
